

DARTMOUTH ATHLETICS

2017 GUIDE TO THE NCAA ACADEMIC PROGRESS RATE

WHAT IS THE APR?

The NCAA Academic Progress Rate is a measure of the eligibility and retention of student-athletes participating in NCAA sports at any Division I institution. Each NCAA varsity team is given a score on a scale from 1-1000 (1000 meaning that every individual on that team was academically eligible for the following term and either returned to school or graduated). Individual teams with a score below 925 over a multi-year period are subject to penalties. All of the 26 Dartmouth teams measured were well above the penalty line. The current report measures enrollment from the academic years 2012-13 through 2015-16.
