COMPLIANCE WEEKLY UPDATE

SIGNING DAY ACTIVITIES

Do's & Don'ts pertaining to the involvement of recruits in National Signing Day events:

PERMISSIBLE ACTIVITIES

- Prospective student-athletes (PSAs) may participate in signing day events. While we do not have any official

document for them to sign, they may sign a blank piece of paper, their likely letter, or a document they create.

- PSAs, their friends or family, school, coaches, teammates, etc., may create their own content/post on social media regarding their commitment to Dartmouth. Further our coaches, staff, team or College's accounts may be tagged.

- Dartmouth coaches and staff may make actions of approval, or, "click" (e.g., like, favorite, retweet, share, etc.) content created by PSAs, their friends or family, school, coaches, teammates, etc.

- During all Dead Periods, including the current one surrounding the NLI signing period (Monday, November 6 - Thursday, November 9), a coach may call and text those of permissible age to receive such correspondence.

- A PSA, including their family, may wear articles of clothing that bears the Dartmouth name/logo during signing day events, provided they purchased that item at the same price and location as the general public.

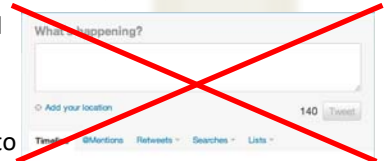

- A PSA, including their family, may speak to the media regarding their commitment to Dartmouth, provided they make every attempt to include the language, "I have committed to Dartmouth, pending my acceptance..." as dictated by the Ivy League Admissions Directors.

IMPERMISSIBLE ACTIVITIES

- Dartmouth coaches and staff may not create/provide any fake NLI (National Letter of Intent) document for the PSA to sign during a signing day event.

- Dartmouth coaches and staff may not create content, or "type" anything related to a PSA's signing until they have successfully submitted their Intent to

Enroll, which does not occur until after their official acceptance by our institution's office of admissions.

- Dartmouth coaches and staff may not make actions of approval, or, "click" (e.g., like, favorite, retweet, share, etc.) content created by a recruiting or scouting service.

- During all Dead Periods, including the current one surrounding the NLI signing period (Monday, November 6 - Thursday, November 9), unofficial visits, official visits and off-campus contacts are prohibited with all PSAs.

- Dartmouth coaches and staff may not provide free, or reduced cost items (e.g., gear, apparel, equipment, etc.) to PSAs, including their family, at any time, regardless of the purpose. Further, we may not provide varsity-issued items (e.g., gear, apparel, equipment, etc.), even if the PSA is willing to pay the retail price.

- Dartmouth coaches and staff may not publicly identify (tag, mention, name, etc.) any PSA. Further, we may not comment publicly about the PSA's ability or the contribution that the PSA might make to the team or their likelihood of joining the team.
